

Anti Slavery Office Mar. 21-

Dear friend -

I observed in the office, to-day, a large number of the Liberty Bells, of ^{several} different years - ~~you~~ This reminded me that your sister (Mrs. Chapman) said to me some two or three years since, that, if I would like to have a set, I ~~could~~ should be welcome to them so far as the numbers told out. - I have taken '39 - '42 - '43 and '47 - I have '48 and '49 - I suppose the '45 and '46 ⁵ are all gone - - If I have done wrong in leaving no pay for them, please say so when we meet and I will make it right.

A friend of mine wants one of the gingham Embroiders that were in the Fair - If you can get one out, without trouble, you may have it in the care of Mr. Wallcut and I will pay for it.

I have not yet ~~not~~ any answer from Portland -

Yours very truly

Abby H. Foster.
